JFK Death Forecast Subpenaed

A diary which allegedly refers to a man who mentioned in April, 1963, the possibility that President Kennedy would be killed with a high-powered rifle from a building has been supbenaed by the district attorney's office.

Florida Assistant Attorney General Seymour Gelber is directed by the subpena to deliver the work to the DA's office by 10:30 a.m. Oct. 8.

The subpena describes the material as:

"A certain diary and notes kept by Mr. Seymour Gelber while an assistant district attorney in Dade County, Florida, during an investigation conducted by the state's attorney for Dade County into activities of extremist groups."

Assistant DA James L. Alcock said he is mainly interested in the names that may "pop up" in the diary.

The diary also refers to Joseph Milteer, a Georgian, who reportedly told Willie Somersette, a Miami intelligence agent, in April, 1963, that JFK would be assassinated.
